Assembly Instructions

Before assembly

- We recommend that time is taken to read the instructions before starting assembly, then follow the easy step by step guide. The instruction sheet is only a guide to the assembly. Certain items may not be shown to scale.
- Check all components prior to assembly
- This product should be assembled by no less than two people.
- Drill pilot holes for each screw.

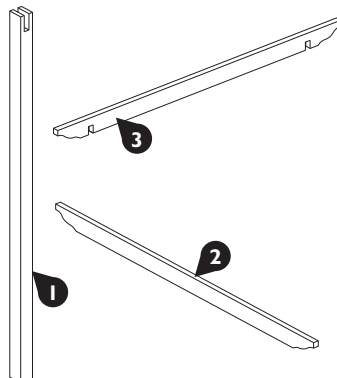

Recommended tools for assembly

- Power drill/screwdriver
- 3mm drill bit
- Crosshead driver bit
- Tape measure

No.	Components	Qty.
1	Upright	4
2	Cross beams	2
3	Rafters	5

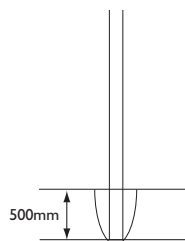

No.	Fixing kit	Qty.
4	90mm screws	18
5	70mm screws	16

Post fixing options

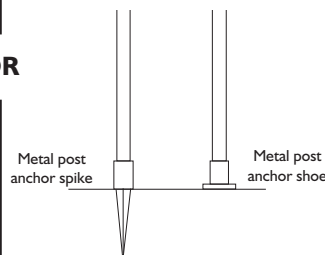

Before building commences, decide if the legs are to be sunk into the ground or if they will be surface mounted using metal post anchor spikes/bolt down shoes (sold separately).

Posts sunk in to the ground should be set to a depth of approximately 500mm.

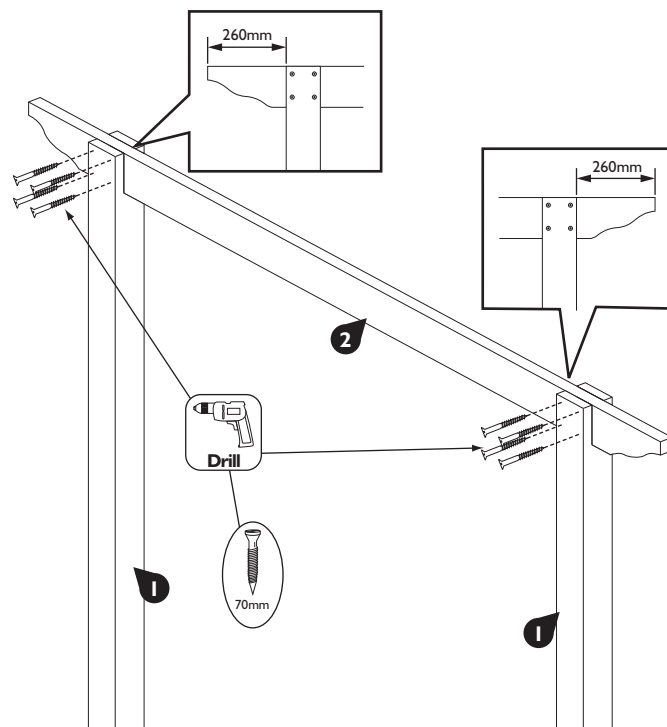

OR

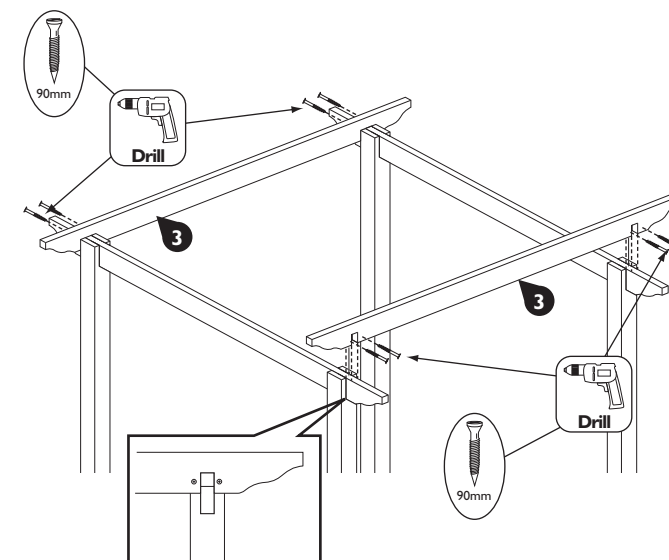

Using additional metal post anchors, Approximately 500mm should be cut off the bottom of each leg.

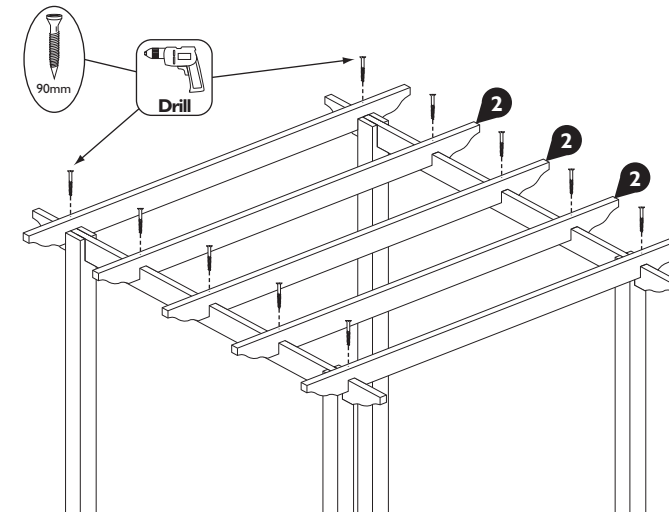

1. Cross beams to uprights.

2. Outer rafters.

3. Inner rafters.

We constantly improve the quality of our products, occasionally the components may differ from the components shown and are only correct at time of printing. We reserve the right to change the specification of our products without prior notice.
